Dear Parents and Friends

On Tuesday of this week a young child was knocked over by an older student on a bicycle in our playground and badly hurt. Whilst we do encourage all our families to cycle or use scooters to travel to school they must never be ridden in the school grounds at any time. This ruling has to apply to younger siblings and adults as well please. With so many people converged in a small space at the beginning and end of the day it is just too dangerous. I would also ask all families to please adhere to the one way system at all times too. These rules have been put in place to ensure the safety of all our children, which I am sure you will agree, is paramount to us all.

Before half term, Mrs Dunn held a competition to design the artwork for our school Christmas CD. The winner of that competition is Lilia Fuller (6Marc) and the runner up is Yuvraj Singh (3Yeats) - congratulations! Well done to those children and everyone who took part; it was wonderful to have so many amazing designs. We will be recording our Christmas CD in school next week, and it will be available to buy in time for the festive season.

*With very best wishes*

*Kim Parnell*
